IN presenting this our third number of the New Directory of Boston, we cannot withhold an expression of thanks to the community for their liberal patronage and their kind indulgence towards this undertaking. Fully appreciating their favor and co-operation we have been stimulated to surmount the obstacles in our path, and to encounter the labors and difficulties of the work, with a fixed and settled determination to make the BOSTON DIRECTORY unequalled by any thing of a similar character. Experience has taught us that this cannot be accomplished in a single year, but improvement and progress shall distinctly mark every number, until the highest degree of perfection is attained which the nature of the work will admit. This year we have made some advance, especially in the most important part, the General Directory. A large number of names has been added, and it is presumed that it will be found generally correct. Much valuable information is embodied in the Miscellaneous part, especially in regard to Railroads. The Directory to the Attractive Places of Resort in the vicinity of Boston, will be found interesting and useful for reference. Other improvements are in contemplation, which we shall introduce in succeeding numbers.

Any errors which may be discovered in this work will be carefully corrected on giving notice at the Directory Office, No. 95 1-2 Washington street.

July, 1848.

ATTRACTIVE PLACES OF RESORT

IN THE

VICINITY

OF

BOSTON.

In the vicinity of Boston are several very celebrated and fashionable places of resort; and which especially in the Summer season, are visited by thousands of citizens and strangers. For recreation, exercise, pure air, beauty of scenery, and as a means of promoting health, these places it is believed are nowhere excelled. First among the celebrated watering places is

NAHANT.

North-easterly from Boston about thirteen miles by water and fourteen by land. It possesses several natural curiosities, among which may be named the *Spouting Horn*; a basin in the rocks a little to the east of the village, where at certain times of the tide the spray is thrown many feet into the air. The *Swallows' Cave*, near the landing, is a singular opening in the rocks; its length is nearly seventy feet and its greatest height about twenty. The Grotto is another cavern in the rocks.

STEAMBOAT.

The favorite and fast running steamboat Nahanteu, Capt. B. F. BETTS, plies between Boston and Nahant through the Summer; leaving Liverpool Wharf and making two trips a day each way. The passage in the boat is one of the most delightful in the world; affording an excellent prospect of the numerous islands and fortifications of the harbor, and a fine maritime view of the city. The fare is twenty-five cents each way; time, about one hour.

PUBLIC HOUSES.

The Nahant Hotel is a pleasant public house near the landing, and is much resorted to by fashionable company. It is kept by Mr. PHINEAS DREW. All the comforts and luxuries of a well conducted hotel can be had here. The house is situated on elevated ground, and the most beautiful scenery can be enjoyed from its rooms. Good boats and fishing apparatus are furnished; and a large stable is connected with the house, where the best horses and carriages can be had.

Another agreeable and commodious house is kept here by Mr. JESSE RICE, for the reception of visitors; it is a popular retreat, and has received the patronage of thousands. It is eligibly situated about half a mile from the landing, and affords delightful views of the ocean, the rock-bound coast, and the neighboring country. Mr. Rice is a popular and agreeable landlord, and a visit to his house is always pleasant.

The land route to Nahant is by the Eastern Railroad to Lynn, thence by omnibus four miles to Nahant. The fare this way is fifty cents.

PHILLIPS' BEACH,

Located twelve miles north-easterly from Boston by land and about 14 by water, is another favorite retreat in warm weather. The Ocean House, kept by Mr. ALKER is a large and popular house situated on high ground within a few rods of the ocean. It has excellent advantages for sea bathing, fishing, and sailing. The views of the ocean and surrounding country from this house are not surpassed. The house is within two or three minutes' walk of the Swampscot station of the Eastern Railroad. Coaches run to the house from the Lynn Depot on the arrival of every train; fare from Boston fifty cents.

LYNN.

The pleasant and flourishing town of Lynn is situated on Massachusetts Bay nine miles north-easterly from Boston. It is distinguished for its beautiful hills, its fine large ponds, and for the beauty and neat appearance of the dwellings of its inhabitants. About forty rods from the principal depot is a large and pleasant public house kept by Mr. BRADFORD WILLIAMS. Connected with the house is a good livery stable, where the very best of horses and every variety of carriages can be had. The roads of Lynn and its vicinity are very good, affording agreeable and pleasant rides. The distance to Nahant is only four miles over a hard, smooth, beach two miles long; a good gravelled road has just been completed over this beach above high water mark.

CHELSEA BEACH.

Another delightful place of resort in Summer is found at Chelsea Beach. The Neptune House kept by Mr. GEO. R. FIELD is an excellent house for permanent residents or transient visitors. It is well supplied with all the means for sailing, fishing, sporting, &c. Its situation in the lower harbor renders it a very delightful retreat during the heat of summer. The distance from Chelsea Ferry is three miles. It is about a mile from the Eastern Railroad station in North Chelsea. A good stable is attached to the house, bathing houses, life boats, bowling alleys, &c. Fare to North Chelsea ten cents.

POINT SHIRLEY

Is another fine place in hot weather. It is a point of land extending into Boston harbor, and belongs to Chelsea. It is an excellent place for fishing. It is four miles and a half by water. The steamer Nahanteu stops to land and receive passengers; fare in the boat twenty-five cents. The distance by

land from East Boston Ferry, over a good carriage road, is five miles. A good house for the reception of visitors and sportsmen is kept by Mr. P. F. Dascomb. It is within a few rods of the main ship channel, and extends about 2 miles farther into the ocean than Nahant. Prices very low; good boats and fishing apparatus are furnished.

CAMBRIDGE.

Three miles westerly from Boston, is the pleasant City of Cambridge. It is the seat of Harvard University, the first literary institution in the United States. The city is rapidly increasing in business and population. About a mile north of the university is *Porter's Hotel* (a well known house), where the very best of fare can always be had. A good stable is attached to the house, where the best horses and carriages are kept. The cars of the Fitchburg Railroad stop within a few rods of the house; fare ten cents.

FRESH POND

Is another very attractive place. It is in Cambridge, about a mile and a half westerly from the colleges, and from four to five from Boston. *Fresh Pond Hotel*, recently kept by Mr. WILLARD, now by W. D. CALLAHAN, is an excellent house, and has long been a favorite resort. It affords good opportunities for sailing, fishing, swinging, and other amusements. You can go there by the Watertown Branch Railroad for 12½ cents. The Mount Auburn omnibuses stop within a short distance of the house every fifteen minutes. The place is much visited in winter to witness the operation of cutting ice.

MOUNT AUBURN.

About five miles westerly from Boston, and one and a quarter from the colleges in Cambridge, is Mount Auburn. This beautiful and hallowed place contains 110 acres of ground well laid out in lots, walks, avenues, and paths. The surface is undulating, and highly adorned with trees, shrubbery, and flowers. It should be visited by every one. Opposite the cemetery, is an excellent house for entertainment, kept by Mr. JOHN WYETH, where all the refreshments and luxuries of the season can be had. Omnibuses for Mount Auburn leave Brattle street every fifteen minutes; fare 20 cents, or six tickets for \$1.00. The cars on the Watertown Branch Railroad stop within a few rods of the cemetery, four times a day, each way; fare 15 cents.

SPY POND HOUSE.

This house, kept by Mr. T. W. SEAYER, is situated in West Cambridge, about six miles from Boston. It is new and well furnished throughout, and is located in a pleasant grove on the borders of the beautiful Spy Pond. The grove is well supplied with comfortable seats, and several excellent swings have lately been erected; good bowling alleys have just been completed. The pond abounds in excellent fish; good boats and fishing apparatus are furnished. A fine prospect of the neighboring country, its cities, towns, and villages, can be had from the observatory at the top of the house. This house is not surpassed by any in the vicinity of Boston, and is a good place for companies and dinner parties to visit. The cars on the Lexington and West Cambridge Railroad stop about a quarter of a mile from the house; fare 13 cents.

NEWTON.

This town, distinguished for its rural beauty and the fertility of its soil, is westerly from Boston about seven miles. The *Nonantum House*, at Newton Corner, six and a half miles from the city, is a large and pleasantly situated hotel for the reception of transient visitors, families, or permanent boarders. It is about ten rods from the Worcester Railroad, and thirty from the depot, and affords a good prospect of the cars each way. It is well furnished with the means of recreation and amusement, and, in summer, is much patronized by fashionable company. The roads in the vicinity are good, and the scenery beautiful; horses and carriages can be obtained at the house.

ROXBURY.

Adjoining Boston on the south, is the flourishing City of Roxbury. The Mansion House, near the head of Warren street, kept by COL. J. B. TOWLE, is a quiet and agreeable place, well supplied with the dainties and luxuries of the season. Attached to the house is a fine garden containing upwards of one hundred varieties of trees, shrubs, and flowers. It is a cool, shady place, an inviting retreat in warm weather, where recreation and amusement can be had. A good livery stable, connected with the house, furnishes horses and carriages. The Roxbury Omnibuses leave Cornhill every fifteen minutes.

SQUANTUM.

About eight miles (by way of Roxbury) from the city, in a south-easterly direction, is *Squantum*, another sea-side retreat, and a place much frequented by the lovers of sporting, fishing, &c. Sailing and fishing parties go out from this place every day during the hot weather, and its facilities for such amusements are nowhere excelled. The *Squantum House*, kept by Mr. JAMES CRIGTON, JR., is a very good house, where visitors and parties are served with the very best luxuries of the market. It is about two miles north-easterly from Neponset. It has an elevated rock-bound coast, and affords fine views of Boston harbor and the surrounding country. The cars on the Old Colony Railroad run within about two miles of the place.

The NEW SQUANTUM HOUSE, kept by Mr. W. R. BELSER, for six years proprietor of the *Squantum House*, is a new and well furnished house just opened, where sailing, fishing, and dinner parties, will find good accommodations. It is only seven miles from Boston, and one and a half from Neponset. A fine hard beach, more than a mile in length, extending nearly to Commercial Point, offers an agreeable ride. The house is well calculated for the reception of engine, military, and other companies. Fare to Neponset, by railway, 12½ cents.

ROCKLAND HOUSE,

NANTASKET BEACH.

This new hotel is located at the head of Nantasket Beach, distant from the City of Boston seventeen miles. The steamer MAY FLOWER runs three times daily, from Boston to Hingham, making her passage in one hour; coaches in attendance will take persons from the boat to the hotel about twenty minutes. This establishment has excellent advantages for sea bathing, fishing, and

pleasant rides over a beautiful beach five miles in extent, rendering it a most desirable place of resort for families, and parties of pleasure, during the summer months. A good livery stable is connected with this establishment, and kept by N. RIPLEY, JR.

QUINCY.

Adjoining Dorchester on the south-east, and about eight miles from Boston, is the town of Quincy. This town is celebrated for its extensive quarries of granite, its pleasant scenery, and for being the birth-place and residence of two Presidents of the United States.

The Hancock House, kept by MR. FRENCH, is a well conducted hotel, pleasantly situated in Quincy Village, about ten rods from the depot of the Old Colony Railroad. It is just far enough from the city to afford a pleasant ride. It is much visited in summer by parties, companies, and strangers. A good Livery Stable is connected with the house, where excellent horses and carriages can be had.

HINGHAM.

South-easterly from Boston, twelve miles by water and fourteen by land, is the quiet and pleasant town of Hingham.

The Old Colony House, kept by MR. D. LOCKE, is a highly popular watering place, and much visited in summer. The house has an elevated situation, and, for beauty of scenery, combined with a pure and healthful air, is excelled by none. Swings, bowling alleys, &c., afford amusement and recreation to the visitors; and within a few rods is a beautiful grove, a favorite place in summer for pic-nics, celebrations, &c. Good horses and carriages, of every variety, can be had at the Livery Stable attached to the house. Excellent opportunities for bathing are afforded here. The steamer MAY FLOWER runs to Hingham three times a day through the summer.

PLYMOUTH.

Plymouth, the landing place of the PILGRIMS, and the first settled town in New England, is thirty seven miles from Boston, in a south-easterly direction. The historical associations connected with this town are of the most deeply interesting character. It is a place that should be visited by all.

The *Samoset House*, kept by Messrs. PARKER & TRIBON, is a large and highly popular hotel, situated near the rock on which the Pilgrims landed, and near Pilgrim Hall, which contains many curiosities and valuable historical relics; and near the Court House where the first records of the infant colony may be seen, and the autographs of many of the first colonists. A beautiful beach, three miles long, numerous ponds and streams which abound in fish, and the pleasant rides through the woods, will afford amusement both to gentlemen and ladies. A good Livery Stable is connected with the house, where horses and carriages of all kinds can be had. A large Bowling Saloon affords exercise and recreation, and is so conducted as to be pleasant and agreeable to ladies. The cars between Boston and Plymouth pass each way three times a day; fare \$1.00.

BOSTON.

BENJAMIN F. MAHAN, No. 50 LONG WHARF.

Sailing parties, fishing parties, dinner parties, pic-nics, companies, or individuals, who wish to visit any, or all the above named sea-side retreats, will find sail-boats of any description or variety, with careful and experienced boatmen, by calling on Benjamin F. Mahan, at No. 50 Long Wharf. Boats capable of carrying any number of persons, from three to seventy-five, can be obtained at all times.

GROVES.

[See *Old Colony House, Hingham.*]

A little to the south of Harrison Square Depot in Dorchester is the beautiful *Tenean Grove*, owned by MR. LUTHER SPEAR. It contains about six acres, and is accessible both by land and water, as it borders on Neponset River, where steamboats can land passengers at all hours. This is a very attractive place for celebrations, schools, and pic-nics. Within the grove is a well, eighteen feet deep, which affords an abundance of cold and most excellent water. It is a cool, shady place, well furnished with seats, occupies an elevated position, and presents a fine prospect of Boston harbor, and the surrounding country.

GARDENS AND NURSERIES.

In the vicinity of Boston are several extensive Gardens and Nurseries, where trees, shrubs, plants, and flowers, of every variety, congenial to this climate, are cultivated and kept for sale. Purchasers, and dealers in this line, should, by all means, visit either or both of the following places. Those who wish to decorate halls, public buildings, tables, &c. for celebrations or pic-nics, can here be supplied with flowers, plants, evergreens, &c. Bouquets of any size, variety, or color, may also be obtained.

On the western declivity of Nonantum Hill, in Newton, about six and a half miles from Boston, and half a mile from the depot at Newton Corner, are the extensive gardens of MR. JOHN A. KENRICK, containing fifteen acres. Fruit and ornamental trees, shrubs, and flowering plants of every variety, are here cultivated and for sale. Many choice and rare varieties can be found here; numerous visitors are attracted to the grounds in summer. The scenery from this hill is of the most beautiful description, and is said to bear a strong resemblance to that of England.

At Brighton, about five miles from Boston, are *Wenship's Brighton Nurseries* and *Botanic Gardens*, a beautiful place much frequented in summer, and where fruit and ornamental trees, shrubs, plants, and flowers of all varieties are cultivated and for sale. This establishment is situated by the side of the Worcester Railroad, at the Brighton depot; fare about fifteen cents. *The cars pass here almost every hour in the day.*

To have a vault cleansed, apply at the Health Office; the cost at present is \$1.50 per load of 80 cubic feet, from the 15th of September, to the 15th of May, and double that sum for the remainder of the year. Persons calling at the Health Office, to enter vaults, should be prepared to give the street or place, the number, the occupant, and the person who pays the bill. No vault to be cleansed, will be entered on the books without the written order of the owner, unless the person calling agrees to pay the bill.

No dirt, ashes, filth, or rubbish of any kind whatever, will be allowed to be placed in any of the ways or streets of the city, unless by permission of the Mayor and Aldermen, or some person by them authorized. All complaints of neglect of the scavengers or dirt-men, may be made at the Health Office, City Hall, same office with the City Marshal.

No owner or driver of any hack, cab, or other carriage, shall place such carriage in any public street, lane, or square, to stand there to be employed, without consent of the Mayor or Aldermen.

The regular hack hire within the city proper is 25 cents.

OBSTRUCTIONS IN THE STREETS.

No person shall hereafter construct or place any portico, porch, window, or step, which shall project into any street, lane, public place, or any way of the said city, under a penalty of four dollars for each offence, and a like penalty for every week that the said portico, porch, window, or step, shall be continued as aforesaid.

No cellar-door or door way shall hereafter be made in any side-walk, or projecting into any street, lane, public place, or way of the said city, for the purpose of being kept open during the day or night time; nor shall such cellar or door-way be kept open or used as a customary entrance or passage-way from any street, lane, public place, or way of said city, into any cellar, or other part of any building, under a penalty of not less than four dollars for each and every day that the said cellar-door or door-way shall be used or kept open for such purpose.

No person being the owner or occupant of any building, or having the care thereof, shall permit or suffer any cellar-door or door-way which is now or shall hereafter be made, and which does or shall project into any street, lane, public square, or way of the said city, beyond such building, to remain open, or the platform thereof to be removed during any part of the night time, or for more than five hours during the day time, unless duly permitted so to do by the Mayor and Aldermen, or by some person authorized by them, under a penalty of not more than twenty dollars for each and every offence.

SPECIAL POLICE NOTICE.

The Police Office is in the City Hall (fronting on Court Square), and is open at all hours of the day and night. Officers who are paid by the city are in attendance at all times.

Books are kept at the office, in which may be entered a description of all goods lost or stolen; and immediate information of all robberies, larcenies, or other crimes is desired.

All persons losing goods, are requested to give information at the office; and all persons finding goods are informed, that, by leaving the same, or a description of them, efforts will always be made to obtain a reward for the finder.

All rewards, offered by the owners of lost or stolen goods, that shall be received of the advertiser, will be paid to any person giving INFORMATION which leads to their recovery.

No day policeman, who is in the regular employ of the city, is entitled to any witness fees; nor is he permitted to receive any compensation, gratuity, or reward, from any person for services, unless by a special vote of the Mayor and Aldermen.

Persons vacating their houses for the summer, are requested to give notice at the office.

In consequence of the many impostors who go about begging, an officer has been appointed to obtain information concerning them; and in all cases, a card will be given to those who may be deserving of charity.

Any information in relation to hacks, cabs, omnibusses, or their drivers, or trucks, wagons, hand-carts, &c., may be had at the office. All persons dealing with them are requested to take notice of their numbers,—the Superintendents of which are present every day at 8 o'clock, A.M., and 2 o'clock, P.M.

Cards embracing a complete list of the cities and towns, cost of advertising, &c., may be had gratis at the Agency, No. 20 State street, in this city, and at his offices in the cities of New York, Philadelphia, and Baltimore, where he is also empowered to receive subscriptions and advertisements.

From the National Intelligencer, Nov. 29, 1844.

Mr. V. B. PALMER, American Newspaper and Advertising Agent in the cities of Baltimore, Philadelphia, New York, and Boston, has been appointed agent for receiving and forwarding subscriptions and advertisements for this paper, at his offices, in those cities respectively.

The General Newspaper Agency, established by Mr. Palmer, in the above places, has been in existence some time, and will doubtless be found convenient and advantageous for all newspaper proprietors who shall think fit to avail themselves of it. The annexed notice of Mr. P. and his enterprise, we copy from the N. Y. Tribune.

"The idea of a concentration of the Newspaper offices of the United States in the person of one individual, originated with Mr. Palmer, who is now the Agent and efficient representative of the proprietors of some of the best newspapers of most

of the principal points from Maine to Georgia. The convenience which this Agency presents to papers, by enabling them to centre their business in the hands of one person, is only exceeded by the accommodation which it affords to the community, of transacting business at any number of places, no matter how remote from each other, through this medium. It is only necessary, in order to comprehend the great importance of the enterprise, to survey the extent, population, and business relations of our wide-spread country—and to those who would embrace the facilities for extending business which this agency offers, it is only requisite to know what we have long known, that by education, habits of business, and good character, Mr. Palmer is peculiarly fitted for the undertaking—and deserves, what he will no doubt secure, a due reward for his enterprise—which is both original and highly meritorious."

The Louisville Democrat speaks thus of Mr. Palmer's Agency:

"Having the most unlimited confidence in his capacity and integrity, he is fully authorized to make all necessary contracts as Agent for this paper. We wish it to be distinctly understood, that we have no other Agent in any of the cities of New York, Philadelphia, Boston, or Baltimore, and that all inquiries relative to such contracts, coming from these cities, even although directed to ourselves, will be referred to his Agency."

The business of advertising is imperfectly understood by merchants generally. Mr. Palmer's great experience and extensive agencies enable him to give very important information and very valuable suggestions in these matters, to all who may favor him with an interview. The subject, as presented by him, is certainly worthy the serious attention of all persons engaged in active business. N. Y. Tribune.

Trains run to and from MEDFORD, a distance of 5 miles, 14 times a day. Fare, 12 cents. Time, 15 minutes. Season Tickets, \$25.00 per year.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

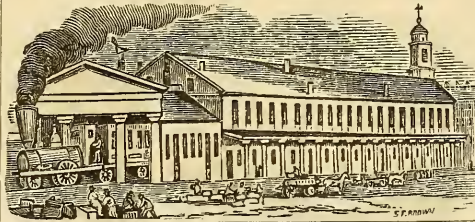

Somerville, Medford, Malden, Melrose, South Reading and Reading, towns within the range of the Special, as well as the longer Trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of fare, the number of trains, both early and late, in connection with the convenient Depot in Boston, render this railroad a desirable channel of intercourse between the city and country.

FREIGHT RATES.

From Boston to South Berwick. Coal, iron, manure, lumber, sugar, salt, butter, and groceries, \$2.50 per ton; light and bulky merchandise, \$3.62 per ton. Luggage allowed each Passenger—50 lbs. Parcels charged 25 cents each.

This Road, 44 miles in length, not only connects the city of Boston with Worcester, and the intermediate and adjoining country towns — but constitutes, besides, the Eastern end of the Great Western Railway Line from Albany, &c., — of the Railroad Line from New York, via New Haven, Hartford, and Springfield — as well as of the Steamboat and Railroad route from New York, via Norwich.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

No Railroad affords access to so many, so varied, and so splendid sea-side locations, or passes through so many pleasant cities, towns, and villages. Its Depots are within a mile or two of the celebrated beaches of Chelsea, Nahant, Swampscot, and Marblehead. A Branch skirts the shores of Massachusetts Bay, in the towns of Beverly, Manchester, and Gloucester, opening most magnificent views of the ocean, leading to the most retired spots for sea-bathing, and to the most delightful walks and drives in the native forests, that can be found in New England. This shore is rapidly filling up with marine villas and cottages. Farther east — at Ipswich, Plum Island, Hampton, Rye, Boar's Head, Wells, and Saco — extensive beaches, good public houses, and healthful resorts for summer residence, afford advantages that are too well known to require description.

More than five millions of passengers have been carried on the Eastern Railroad, of whom but one single person (and he only received a slight scratch), has ever been injured in the cars.

A Branch of this Road extends from Neponset to Milton, also a Branch from Abington to Bridgewater, and another from Braintree to Fall River. Other Branches are in contemplation.

Trains pass often over this Road through the towns near Boston, commencing at an early hour in the morning, and continuing until a late hour in the evening.

Luggage allowed each Passenger—60 lbs. Excess charged at 20 cents per 100 lbs.

Freight Rates.—Coal, Iron, Manure, Lumber, Corn, Grain, Sugar, Salt, Paper, Butter, Groceries, and Dry Goods, 4½ cents per ton; light and bulky merchandise, 4½ cents per ton (140 cubic feet to the ton). These rates are per mile. No parcels taken on this road for less than 20 cents.

Charge for Transporting Horses and Carriages.—Horses, 6¼ cents each; two-wheeled carriages, 4½ cents; stage coaches, omnibusses, &c., &c., 9 cents, per mile.

SCENERY AND ATTRACTIONS.

Since the establishment of this Road, the towns and places nearest to Boston, through which it passes, have experienced a rapid growth. Dorchester, Milton, and Quincy, afford locations for some of the most delightful and healthful residences. Savin Hill, Harrison Square, and Neponset, from their proximity to the city, and their attractive scenery, have become favorite places of residence, for persons engaged in business in Boston. The surface of the country, for the first ten miles on this route, is beautifully variegated, presenting a continual succession of picturesque views of the country, the city and the sea. Its hill-tops and valleys are decked with splendid dwellings and tasteful cottages, and no where can be found the union of town and country more complete. That its inviting appearance and various attractions are fully appreciated is evident from the numerous dwellings annually erected, and the steady rise in the value of the land. An occasional ride in the cars as far as Braintree will amply repay one for the trifling sum exacted for fare. If, however, the ride is extended to Plymouth, after a visit to Plymouth Rock, Pilgrim Hall, and the graves of the forefathers, the denizen of the city will return better fitted than ever to pursue his business.

THE
FULTON IRON FOUNDRY.

GEORGE C. THACHER, THOMAS THACHER, AND
 THOMAS THACHER, JR., PROPRIETORS,
 ON TURNPIKE STREET, SOUTH BOSTON,
 OFFICE, 43 & 45 BROAD STREET, BOSTON.

The Fulton Iron Foundry Company, having an extensive assortment of Patterns and superior facilities for Casting, are prepared to furnish

IRON CASTINGS,
 OF ANY SIZE OR WEIGHT,

For large or small Machinery, Steam Engines, Cylinders, Steamboat and Mill Shafts, Sugar Mills, Oil and Soap Kettles, from 100 gallons to the largest size used; Railroad Chairs, Frogs, &c.

WITH PROMPTNESS & ON LIBERAL TERMS.

Moulding Sand, Fire Clay, and Sand constantly on hand.

THE FULTON IRON FOUNDRY COMPANY, having the right to make and sell

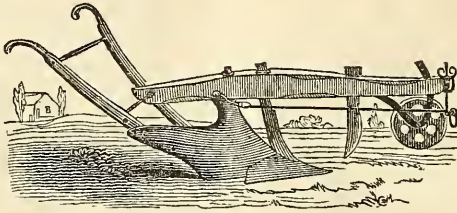

HAVILAND & TUTTLE'S PATENT WATER WHEELS,

which have proved to be superior to any wheel in use, are prepared to furnish the same to Factory and Mill owners on favorable terms.

FARMERS' AGRICULTURAL WAREHOUSE AND SEED STORE.

DAVID PROUTY & CO.

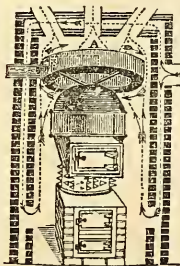

Manufacturers and Wholesale and Retail Dealers of PROUTY & MEARS'S CELEBRATED CENTRE DRAFT, Side Hill, Self Sharpening and Sub Soil Ploughs, Hovey's Patent Hay and Straw Cutters, Harrows, Expanding Cultivators, Fanning Mills, Churns, Cheese Presses, and other Agricultural Imple-

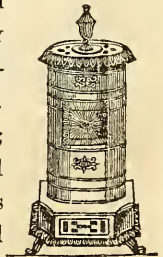

ments; and to our already large and extensive stock, we are constantly adding many new and valuable improvements. We have also a large as-

sortment of Flower, Garden, Grass and Field Seeds, Fruit & Ornamental Trees, Shrubs, &c.

We have also, in connection, a large and extensive assortment of Cooking, Parlor, and Office Stoves; Mott's Farmers' Portable Agricultural Cauldron; Mott's Iron Heaters,

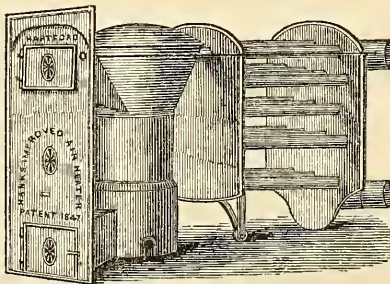

for Laundries and Public Houses; the Madeira Coal Air-Tight Parlor Stove, *improved* for 1848; PROUTY & MEARS'S IMPROVED HOT-AIR VENTILATING PORTABLE AND BRICK FURNACES. These furnaces are made upon an entirely new plan; and such is their internal arrangement, that the cold air is introduced, heated and discharged into the rooms in a mild, agreeable and healthy state, free from all

unpleasant smells and gases, not coming in contact —

as is usually the case — with any red-hot iron, whereby the oxygen is destroyed, and the air rendered poisonous. D. P. & Co. are also agents for the sale of Hanks' Improved Air-Heater, for warming public and private buildings of all kinds. The peculiar improvement and operation of this apparatus is, that the heat as its temperature is *reduced*, passes *down* into pipes of a still *lower* temperature, and at the *lowest continually and regularly increasing*, until at the *highest* it passes off into conductors leading to the rooms. Thus the *current of heat* is directly *contrary* to the *current of air* passing into the apartments.

Particular attention given to Heating and Ventilating Buildings.

WHIPPLE'S DAGUERREOTYPES

BY STEAM.

After much patient experimenting I have finally succeeded in applying, with more uniform results and certainty, Steam power to do all the mechanical parts of Daguerreotyping, and consequently am enabled to furnish my customers with

**BETTER MINIATURES IN LESS TIME

BEAUTIFUL LIKENESSES OF LITTLE CHILDREN,**

Which I will warrant to make satisfactory to parents,

If they will call upon me between the hours of 11 and 2, when the sky is clear.

**I HEREBY EXTEND AN INVITATION TO ALL,
WHETHER THEY WISH TO OBTAIN LIKENESSES OR NOT,**

To call and examine my large collection of Daguerreotype Portraits, and see the operation of the Miniature Steam Engine.

The attention of all persons interested
in procuring

DAGUERREOTYPE LIKENESSES

Of themselves or friends, or copies
from Portraits, Miniatures, Paintings,
Engravings, or Statuary, is particular-
ly invited to our specimens.

For seven years we have taken
copies of every description, *without
reversing them*; also from Life when
desired.

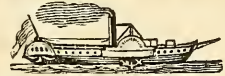

We have in attendance two Ladies, and Females can have assistance in arranging their dress and drapery, and consult them as to colors most appropriate and harmonious for the Daguerreotype process.

Our arrangements are such that we take miniatures of children and adults instantly, and of DECEASED persons, either at our rooms or at private residences. We take great pains to have Miniatures of deceased persons agreeable and satisfactory, and they are often so natural as to seem, even to Artists, in a quiet sleep.

In style of execution and picturesque effect—in boldness of character and beauty of expression—in variety of size and delicacy of lights and shadows, we shall aim at the highest perfection possible.

Photographs painted in the very best manner if required. Cameras which will not reverse pictures, and every variety of Apparatus, Chemicals, and Materials, furnished and warranted.

Assisted by Mrs. & Miss SOUTHWORTH, they will sustain their well-earned reputation. No CHEAP work done. Plates PERFECTLY polished. They neither use steam, humbug by false pretences, nor wear laurels won by competitors.

The Washington Suspender Shoulder Brace.

COMBINING SUSPENDERS AND SHOULDER BRACE.
Invented by A. F. BARTLETT, Boston.

The object of this Brace is to remedy habitual stooping, round and crooked shoulders, weak back and chest, for which it cannot be too highly recommended. Its tendency is to expand the chest, and preserve an erect and graceful position, indispensable to health and beauty. It is adapted to benefit men, women, and children, of all ages, occupations, and conditions.

The great utility of this Brace will on trial become apparent to all—and its simplicity and adaptation to the object designed are its best recommendations. It is light, yet strong, and perfectly elastic—combining all the excellences of the common Shoulder Braces in use, with none of their objections; and has the following additional advantages, viz:—

1st. The pressure (which can be made more or less at will,) comes directly on the *point* or ball of the shoulder, which makes the Brace more effective, and thus it does not impede the circulation, nor cause uneasiness under the arm; allowing full motion to the arms and shoulders by its elasticity.

2d. Its great elasticity supports the pants with perfect ease and freedom, and this connection with the pants, dispenses with the common Suspender, and contributes to the power of the Brace in expanding the chest, giving to the lungs a healthy and expansive action, and thus preventing pulmonary affections, relieving palpitation of the heart, dyspepsia, asthma, &c.

3d. The Brace is so constructed as to render unnecessary a belt, which has been the cause of great uneasiness to the ribs and epigastric region of the wearer.

4th. The patent elastic webbing used is a new and beautiful style, free from odor, containing the vulcanized or insoluble rubber, and is warranted by the inventor not to lose its strength or elasticity, nor be affected by heat or perspiration.

5th. The Suspender Shoulder Brace is afforded at the low price of \$1.50 to \$2, according to quality.

For Ladies' use, the Brace is constructed with whale-bones and belt, or without them as they may choose, and can be attached to the skirts, and thus the dress, which in

some instances by the present custom injures the health, will tend to promote it.

Manufactured and for sale, wholesale and retail, by A. F. BARTLETT, No. 221 WASHINGTON STREET, up stairs, near Marlboro' Hotel, Boston.

SUPPORTERS.

FITCH'S, CHAPIN'S, AND BARTLETT'S IMPROVED ABDOMINAL SUPPORTERS,

Are an efficient relief for most of those weaknesses of the body which require support—such as weakness of the lungs, palpitation of the heart, shortness of breath, dull pains in the side, sense of sinking or dragging at the pit of the stomach, like weights at the lower part of the body—falling of the womb, "bearing down pains," pain and weakness in the back, numbness and weakness of the limbs, all of which are aggravated on standing or walking—dyspepsia, costiveness and piles, nervousness and gloom, and a disposition of the body to stoop; a shoulder-brace in connection is often necessary. Also, public speakers complaining of bronchitis, find special benefit from an Abdominal Supporter.

The Supporter relieves simply in gently lifting the abdomen, by pressing upwards and backwards, taking off that sense of weight at the lower body. This supports the weakened muscles, and elevates the organs resting on and attached to them affording surprising relief; it permits a more free circulation of the blood, and thus invigorates the whole system.

Persons ordering them, will send their measure taken around two inches below the hip bone and round the waist, and they will be supplied with the above superior instruments at prices from \$2.50 to \$8, by

A. F. BARTLETT,

NO. 221 WASHINGTON STREET,

Nos. 5 and 7 Water Street,.....Boston.**PATENT RIVETED & CEMENTED OAK TANNED & STRETCHED****LEATHER BANDS.**

This is a new article, and is superior to any other now in the market. The process by which the Bands are stretched is entirely new, and competent judges pronounce it a decided improvement upon any other mode, as it brings the leather to its utmost tension without marring its texture, or lessening its strength—a grand result never before satisfactorily obtained.

Factory Agents, and others who are about purchasing **Beltings**, cannot do better than to call and see the article above described.

Having made arrangements with Southern Tanners to receive directly from them the **Trimmed Oaked Tanned Leather**, the first successful effort of the kind in the New England States, we shall endeavor to keep it constantly on hand to supply the trade.

We are thus enabled, not only to sell the raw material, of the best quality, at *reduced prices*, but also to manufacture it into **Belting**, of a most substantial character, upon a principle far superseding any other, and on terms equally satisfactory to any that have been offered to the public.

THE

COCHITUATE COCK,

also recently invented by the Subscribers, on the **Self-adjusting** principle, is fast increasing in popular favor. It is a complete article for drawing Soda, Mead, &c. from Fountains; it is also excellent for water tubes, aqueducts, &c., and for drawing off all kinds of liquids. Its construction is very simple, it seldom gets out of order, and never refuses to perform its duty when required. In short, it is a capital improvement on any other article of the kind.

Orders will receive immediate attention when addressed to

BOSTON, JULY 1, 1844.

This may certify that Dr. H. G. Luther, of this city, was under my instruction, in acquiring a knowledge of Dental Surgery, and having, during that time and since, witnessed operations performed by him, I have no hesitation in recommending him to the confidence and patronage of all who may need the services of a good Dentist, as a gentleman every way qualified to perform all operations coming under the province of a skillful practitioner.

A. A. PHILLIPS, Surgeon Dentist.

BOSTON, Jan. 1, 1846.

This may certify, that having employed Dr. Luther, Dentist, of this city, in his professional capacity, and also witnessed operations performed by him for my friends and others, I feel justified in recommending him to all who may need the services of a skillful operator, as a gentleman every way qualified to fulfill all duties appertaining to his profession.

A. A. HASZARD, M. D.

BOSTON, Nov. 1, 1847.

Having myself employed H. G. Luther, Dentist, in his professional capacity, and witnessed his operations upon the teeth of several of my friends, I most cheerfully commend him to the patronage of all who may wish the services of a good Dentist, believing him to be a faithful workman and a careful operator.

DAVID THAYER, M.D.

BOSTON, June 17, 1847.

A number of specimens of surgical and mechanical dentistry performed by Dr. Luther, having come under our notice, during two years past, which have given the most perfect satisfaction to the persons for whom they were performed, and having ourselves employed him with satisfactory results, we commend him to our friends as one worthy of patronage.

SOUTHWICK & WINSLOW,

Apothecaries, Tremont St.

BOSTON, May 12, 1848.

Sir—It affords me much pleasure, after visiting the most remote parts of the globe, to bear testimony to your perfect knowledge of dental surgery. I have seen many of your patients who have been much benefited by you. The facility by which you extract and stuff teeth, without causing that excruciating pain incidental to such operations, has pleased me much; more particularly as I have seen it evinced in some members of my own family. The nicety by which you adjust the fitting of artificial teeth, cannot be surpassed by any dentist in the city.

MAKE AN EXCLUSIVE BUSINESS OF BOYS' CLOTHING,

or even to regard it as an object worthy the attention of any one possessing ordinary business capacity. We have in our employ cutters of acknowledged taste, and which has been cultivated by long experience in this difficult branch of the Tailors' art. Our arrangements are such, both at home and abroad, as afford us every facility for carrying on the above business

SUCCESSFULLY AND EXTENSIVELY,

and purchasers will find at our store a larger assortment of well cut and well made Youths' and Children's Clothing than is, or ever before has been, exhibited in any other establishment in this country.

Clothing dealers will promote their own interests by purchasing Boys' Clothing of us, as the garments are well shaped and perfectly assorted. The sizes are indicated by numbers, and a printed tag is attached to each article, so that any one, after becoming familiar with the system, will seldom find it necessary to try a second garment. OUR STOCK is now UNUSUALLY LARGE! Having taken advantage of the dull season, we have employed an immense number of the best hands in the city, and at a time when they would otherwise have been idle; the work is therefore to be RELIED ON as being of the very best quality. Our Store is a large four-story building, the whole of which is occupied by us for THE DISPLAY OF GOODS; there being no work people on the premises, with the exception of the Cutters. It will therefore appear conclusive that the business must be large. The growth of it has been gradual, although somewhat rapid, a not uncommon result of indefatigable exertion, together with a knowledge of one's business.

MAYNARD & NOYES'

BLACK WRITING INK,

For Gold, Steel, or Quill Pens.

This ink has stood the test of more than THIRTY YEARS' trial, and during this time has been constantly increasing in public favor and patronage, and is now the leading article in the country. It flows with freedom, becomes permanently black, and will not mould under any circumstances.

Bank of State of N. Carolina, Raleigh, Mar. 4, 1847.

Messrs. Maynard & Noyes: Gentlemen,—Your Writing Ink has been in almost constant use by the officers of this banking-house for the last *fifteen years*, and has always been preferred to any other brand. *It flows freely from the pen, and does not mould; and the color, though sometimes pale when first opened, becomes a beautiful permanent black.* I have been a regular consumer of it myself during this time, excepting when curiosity has led me to make trial of other kinds, and take pleasure in being able to speak so favorably of it, and trust that my opinion, founded on such long experience, will induce many who may not be so well acquainted with its merits, to give it a trial.

Yours, respectfully, C. DEWEY, Cashier.

Messrs. Maynard & Noyes: Gentlemen—We are happy in being able to say that we entirely concur in the opinion expressed above of your Writing Ink by Mr. Dewey, the Cashier of this Institution.

Respectfully yours, DUNN CAMERON, Pres.
S. W. WHITING, Teller.
D. DU PRE, Bookkeeper.

Post Office, Boston, Ms. Oct. 2, 1843.

The Black Writing Ink manufactured by Messrs. Maynard & Noyes of this city, has been used in this office for several years past. Other inks have during that time been tested, but theirs has been in every instance preferred. *For fluidity, blackness, and permanency, none has been found equal to it.*

GEORGE WM. GORDON, Postmaster.

Office of Merchants Ins. Co. Boston, Nov. 18, 1847.

Messrs. Maynard & Noyes: Gentlemen—I have used your Writing Ink for the last sixteen years. In 1840, I gave you a certificate of its excellence, and having continued its use ever since, to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is in all respects the best ink I have ever used.*

GEORGE HOMER, Secretary.

For Sale, wholesale and retail, by the Manufacturers, No. 11 Merchants' Row, Boston, and by Booksellers, Stationers, and Traders generally throughout the Country.

Registry of Deeds, Boston, Nov. 20, 1847.

Messrs. Maynard & Noyes: I have made use of your Writing Ink for the recording of deeds, &c. the past *twenty-five years*, and having found it to suit my wishes and purposes entirely, take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I am satisfied it is superior to any I have used, and consider it particularly adapted for all purposes where *permanency of color is requisite or desirable.* *It flows well from the pen, and does not mould; and my oldest records prove its color to be unalterably black.*

HENRY ALLINE, Register of Deeds.

Boston, May 27, 1846.

For twenty years past, I have had occasion to use ink daily, and sometimes for the nicest of penmanship; occasionally necessity or curiosity has led me to make use of the article made by different individuals—but I can cheerfully state that I have never found any that combined so many good qualities as that made by Maynard & Noyes.

N. D. GOULD, Teacher Penmanship.

Boston, Feb. 15, 1840.

Messrs. Maynard & Noyes: Gentlemen—It is now, I believe, more than twelve years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first rate article*, and cheerfully recommend it to others. *It flows freely from the pen, and increases in blackness after being committed to paper, and the color is durable.* I know of no ink superior to yours, and I have tried many kinds, both English & American.

P. MACKINTOSH, JR.

Principal of Writing Dep. Hancock School.

We, the subscribers, Writing Masters in the City Schools, cheerfully add our testimony in confirmation of the superior quality of Maynard & Noyes' Writing Ink, expressed by Mr. Mackintosh.
